“Homophone Song” Worksheet

Follow the hints below to create a song about homophones. You can use the tune suggested or create your own. To create a melody, sing on one note at first, gradually adding more. Melodies go up and down by step or skip. Keep it simple!

Chorus

Line 1: Two words that sound the same like Rome and roam

Line 2: Are...

Line 3: We use them...

Line 4:

For the verses, make a list of different homophones and sing in a call/response style.

Verse 1

1: There's the beet you eat and the beat you beat

2: The beet you eat and the beat you beat

3:

4:

Helpful Hints

Find words that rhyme with “forms” and “play” to come up with line 2 and 4

Try singing to “Row, row, row your boat” (adjust the tune to fit the words)

The response part could be sung or chanted

Write as many verses as you want
